Cookies & Analytics Technologies

In operating the Services, we may use a technology called "cookies." A cookie is a piece of information that the computer that hosts our Services gives to your browser when you access the Services. Our cookies help provide additional functionality to the Services, including helping us analyze Services usage more accurately. For instance, our Site may set a cookie on your browser that allows you to access the Services without needing to remember and then enter a password more than once during a visit to the Site. On most web browsers, you will find a “help” section on the toolbar. Please refer to this section for information on how to receive notification when you are receiving a new cookie and how to turn cookies off. We recommend that you leave cookies turned on because they allow you to take advantage of some of the Service features.

Some of our business partners (e.g., advertisers) may also use cookies on the Site. For example, on occasion an advertiser may run a banner campaign on our Site. This Privacy Policy covers the use of cookies by this Site only and does not cover the use of cookies by any business partners or advertisers on our Site.

We may also use analytics tools such as Google Analytics to collect information regarding visitor behavior and visitor demographics on our Site, and to develop website content. This analytics data is not tied to any Personal Information. For more information about Google Analytics, please visit www.google.com/policies/privacy/partners/. You can opt out of Google’s collection and Processing of data generated by your use of the Site by going to http://tools.google.com/dlpage/gaoptout.

Clear GIFs (Web Beacons)

We may employ a software technology called clear gifs (a.k.a. Web Beacons) that help us better manage content on our Site by informing us what content is effective. Clear gifs are tiny graphics with a unique identifier, similar in function to cookies, and are used to track the online movements and actions of Web users. In contrast to cookies,
which are stored on a user’s computer hard drive, clear gifs are embedded invisibly on Web pages and are about the size of the period at the end of this sentence. We may tie the information gathered by clear gifs to our customers’ Personal Information. We may use clear gifs in our HTML-based emails to let us know which emails have been opened by recipients. This allows us to gauge the effectiveness of certain communications and the effectiveness of our marketing campaigns.

**Online Tracking and "Do Not Track" Signals**

We and our third party service providers, including Facebook, may use cookies, pixels, or other tracking technologies to collect information about your browsing activities over time and across different websites following your use of the Site and use that information to send targeted advertisements. Our Site currently does not respond to “Do Not Track” (DNT) signals and operates as described in this Privacy Policy whether or not a DNT signal is received. If we do so in the future, we will describe how we do so in this Privacy Policy.

**How long we keep your information**

We will retain your information for as long as you use our Services or as necessary to fulfill the purpose(s) for which it was collected, provide our products and Services, resolve disputes, establish legal defenses, conduct audits, enforce our agreements, and comply with applicable laws or regulations.

**External Sites**

Our Services may contain links to other websites and other websites may reference or link to our Services. These websites are operated by third parties not controlled by us, and by linking to them or being linked from them Step does not endorse, approve or make any representations about third party websites or domains. We encourage you to read the privacy policies of each and every website and domain that you interact with. We are not responsible for the privacy practices or content of such other websites or domains and you visit them at your own risk.

**Social Media**

Our Services may contain links and interactive features with various social media platforms. If you already use these platforms, their cookies may be set on your device when using our Services. You should be aware that Personal Information which you voluntarily include and transmit online in a publicly accessible social media platform, blog, or chat room, or otherwise online, or that you share in an open forum, may be viewed and used by others without any restrictions. We have no control over such uses of your information when interacting with a social media platform, forums or otherwise online and by using such services you assume the risk that the Personal Information provided by you may be viewed and used by third parties.
Security

Step takes commercially-reasonable steps to protect the data you have given us from accidental or intentional manipulation, loss, destruction or access by unauthorized persons. However, please be aware that no transmission of Personal Information over the Internet or the electronic storage of this information can be absolutely guaranteed to be free from unauthorized use or access. Before submitting any Personal Information via the Site or Services, please keep in mind these risks and know that you do so at your own risk.

Your Choices

Communications Preferences

We encourage you to periodically review this page for the latest information on our privacy practices.

Use of The Service By Children

We take precautions to protect the privacy of children. Where we determine that a user attempting to set up a Step account is under 13, we will ask for a parent or guardian’s
contact information in order to obtain verifiable consent before allowing that child to use our Services.

**What Information Does Step Collect from Children and How Is It Used?**

To participate in our services your child must create an account using the Step mobile application. We ask all children to provide us with the phone number of the adult they would like to sponsor their account (“Sponsor”), so we can notify the Sponsor of their child’s interest in Step, request consent for the child to use our Services and provide us with their personal information, and authorize the Sponsor to oversee the child’s account. We request personal information from children that is reasonably necessary for their use of the Services, including their name, date of birth, phone number, email address, and mailing address. We also collect Technical Information and utilize Cookies and Analytics Technologies when children engage with our online platforms. When we collect personal information from a child, we will retain that information only as long as reasonably necessary to fulfill the purpose for which it was provided, ensure the security of our users and our Services, or as required by law. In the event we discover we have collected information from a child in a manner inconsistent with applicable law, we will either delete the information or promptly seek parental consent.

Parents or legal guardians can contact us at privacy@step.com to access and review the personal information we have collected about their child, update their child’s information, request deletion of their child’s information, or restrict further collection or use of their child’s information. Please note that our deletion of your child’s information means that they will no longer be able to have a Step account or otherwise use our Services.

**California Privacy Rights Disclosures**

Under California Civil Code Section 1798 (California’s “Shine the Light” law), California residents with an established business relationship with us can annually request that we provide them with information about whether we have shared their personal information with third parties for those third parties' own direct marketing purposes. If you would like to request more information under California’s “Shine the Light” law, you can contact us as detailed in the “Contact Us” section below.

The following disclosures are made pursuant to the California Consumer Privacy Act of 2018 (“CCPA”). These disclosures apply to individuals who reside in the State of California and supplement any other privacy notice provided by Step. Any terms defined in the CCPA have the same meaning in this notice.
